Key Points about Content Drop 3

- Please pay attention to the notes section of the feedback form.
- Please do NOT share these assets with anyone outside of the TTT Program. As a reminder, these assets have not been finalized, and they are not intended for anyone outside the TTT Program until they have been finalized.
- You will NOT be taking this training in an organized learning journey because as trainers you will be reviewing all assets in the eVA Training Curriculum.
- There is a possibility that you will be reviewing some assets out of order. Please try to be flexible, patient, and understanding as our TTT Program is essentially the pilot group for this training. All assets will be organized in order when the training is made available to your end users.
